

RENEGADE STROBE BEACON

available in: 

The powerful strobe and compact size of the Renegade® allow it to be used for a wide variety of applications.

The RENEGADE® strobe beacon breaks away from the pack and sets new standards for dependability and performance. The Renegade strobe features a rugged, impact-resistant polycarbonate dome and base. Model 462121 enables mounting via the permanent base using the trim ring (supplied), or by integrating a 1/2 inch pipe mount. Model 462141 utilizes a magnetic mount and comes with a cigarette lighter plug.

For effective long-term operation, the RENEGADE has a powerful replacement strobe tube and vibration-resistant circuit board. The 2.2 joule, double-flash power supply automatically adjusts to function at any voltage from 12 to 48 VDC. This strobe has exceptional optics and meets SAE J1318 Class 3 specifications.

RENEGADE strobes are designed for reliable performance in the toughest environments. Applications include volunteer fire, police applications, utility, and command vehicles. All models are supplied with an enclosed base and all necessary mounting hardware.

The Renegade model 462141 is available with an additional magnetic mount/ cigarette plug kit.

> Features

- 2.2-joule double flash provides dependable efficient light output.
- Versatile base for universal mounting.
- Fresnel lens redirects light for maximum visibility.
- Specially designed O-ring gasket seals out moisture.
- Protected against voltage spikes and reverse polarity.

> How to Order

Specify Model

Permanent Mount

462121 RENEGADE, double flash, 12-48 VDC, permanent/pipe mount

Magnetic Mount

462141 RENEGADE, double flash, 12-48 VDC, magnetic mount with cigarette plug

Specify Dome color: amber, blue, red, clear, green, or purple

Order Optional Equipment.
